Riding the wind

Observe the birds at the nature reserve. How many can you fit in the table below?

bird name
(species)

habitat and behaviour
(What was the bird doing?)

Looking at leaves

Find three different plants. Use the Leaf Guide Sheet to describe the **overall shape**, the **edges** and the **veins** of their leaves. In the box draw the edge of the leaf. Ask the field teacher to help you identify the plants.

Plant A

Overall shape

Edge

Veins

☐ simple leaf

☐ compound leaf

☐ rough

☐ smooth

☐ hairy

☐ prickly

Name of species

Draw edge of leaf

Plant B

Overall shape

Edge

Veins

☐ simple leaf

☐ compound leaf

☐ rough

☐ smooth

☐ hairy

☐ prickly

Name of species

Draw edge of leaf

Plant C

Overall shape

Edge

Veins

☐ simple leaf

☐ compound leaf

☐ rough

☐ smooth

☐ hairy

☐ prickly

Name of species

Draw edge of leaf
