

Robin mobile

Here's how...

- 1 Copy the page and colour the parts (see bottom of page).
- 2 Stick the sheet to a piece of cardboard.
- 3 Cut out the four pieces.
- 4 With a blade or cutting knife, make slits through dotted lines A–A and B–B.
- 5 Push the wing flaps through the cuts: C through A–A and D through B–B.
- 6 Fold down the grey wingflaps and stick to the body.
- 7 Fold the main body down along the dotted line on the head.
- 8 Fold out the small triangular flaps E and F, which together form a bigger triangle.
- 9 Stick the rest of the two body parts together.
- 10 Stick the tail (at G) to the tail-flaps E+F.

That's it! Hang the mobile somewhere, preferably in a group and at different heights.
